Circumstances	Effective Date
<p>Qualifying Child (QC) – New Application from Parent with Care for additional QC</p>	<p>If, on an existing case, the PWC reports that they have an additional QC with the same NRP. The effective date will be the date the NRP is notified in writing that an application has been made in respect of that QC. That date is set by taking the date of the next working day after the letter was generated and adding 5 calendar days to that date.</p> <p>Example</p> <p>The letter to notify the NRP is generated on Tuesday the 5th April 2016. The effective date for the new QC as recorded in the letter will therefore be Monday the 11th April 2016.</p>
<p>Relevant Other Child (ROC) – CMS notified of ROC and Child Benefit in payment</p>	<p>The effective date will be the date the change is reported.</p>
<p>Relevant Other Child (ROC) – CMS notified of ROC and Child Benefit NOT yet in payment</p>	<p>If Child Benefit is not yet in payment then this should be treated as a future change. You should advise the NRP that the change cannot be completed until Child Benefit is actually in payment.</p> <p>When this is confirmed the effective date of the change will be one of the following:</p> <ul style="list-style-type: none"> • if Child Benefit is awarded from a date which falls on or before the date the NRP reported the ROC - the effective date will be the date the change was reported; • if Child Benefit is awarded from a date that falls after the date the NRP reported the ROC - the effective date will be the date Child Benefit was awarded from.
